SUMMARY

Motivated third-year Digital Media Engineering student with a strong passion for frontend development. Skilled in both frontend and also UI/UX designing, with hands-on experience in web development, graphic design, and 3D animation. Highly enthusiastic about continuous learning, creative problem-solving, and effective collaboration with team members and clients.

EDUCATION

Bachelor of Digital Media
Engineering, Khon Kaen University
June 2023 - Present

LANGUAGES

- Burmese: Native
- English: Intermediate

SKILLS

Technical Skills:

- Frontend Development: HTML, CSS, JavaScript, UI/UX Design
- Backend Development: Python, Django, Flask
- Database Management: SQL, SQLite
- Design Tools: Adobe Illustrator, Blender

Soft Skills:

- Teamwork: Strong collaboration in diverse team environments
- Adaptability: Quick learning and flexibility in project changes
- Time Management: Effective management of multiple tasks and deadlines

Projects and Activities

3D Animation (Blender)

- Learned the fundamentals of Blender, enhancing my adaptability and perseverance by exploring various 3D characters and rendering techniques.
- Demonstrated creativity and attention to detail in refining the art of 3D animation, making characters' facial expressions more realistic and engaging.
- Collaborated with peers on animation projects, fostering teamwork and communication skills.

Web Development (Backend - Django)

- Developed a deep understanding of Django, a Python-based web framework, to build dynamic and scalable web applications, demonstrating a proactive approach to learning new technologies.
- Collaborated with peers on various projects, enhancing my teamwork and communication skills while building real-life web solutions.

Full-Stack Development
Petanque Court Booking Application

- Led the end-to-end development of a booking application, from prototyping to deployment, utilizing both frontend (HTML, CSS, JavaScript) and backend (Django, Python) technologies.
- Collaborated with a cross-functional team to design user-friendly interfaces and robust server-side functionalities, demonstrating strong communication and teamwork skills.
- Adapted quickly to project changes and deadlines, showcasing flexibility and time management.

Real-Life Graphic Designing

- Created custom logos, posters, and brochures for multiple clients, consistently meeting deadlines and surpassing expectations through effective client communication and active listening.
- Demonstrated creativity and attention to detail in leveraging Adobe Illustrator and other design tools to produce high-quality visuals, contributing to brand identity and client satisfaction.
- Developed a keen understanding of design principles and user psychology, and employed empathy to align with client needs and deliver impactful visual solutions.
